

CREDA approves EcoGrid ESS for Cluster Street Lighting Application

We at ACME believe in providing solutions which are optimal for the customer's challenge rather than just selling products.

We were invited by CREDA to install EcoGrid at Energy Park, Raipur for demonstration of its working for Cluster Street Lighting Application. The solution has received big applause from Chhattisgarh State Renewable Energy Development Agency (CREDA).

Energy Park set up by Chhattisgarh Renewable Energy Development Agency (CREDA) at Raipur is a park based on the theme of generation & showcasing the usage of various forms of renewable energy sources. The park consists of a beautiful garden with lots of greenery, fountain, an artificial lake and water falls.

ACME EcoGrid has been catering 550Watt of lighting load for 05 hours. Batteries of our 5kVA System are charged through 2KW Solar Power Plant.

CREDA - Energetic agency with ever lasting energy sources

About CREDA:

CREDA - Chhattisgarh State Renewable Energy Development Agency has been constituted on 25th May 2001 under the Department of Energy, Government of Chhattisgarh for implementation of various schemes pertaining to Renewable Energy sources and Energy Conservation activities. CREDA is established as the State Nodal Agency by State Govt. for development and promotion of non-conventional & renewable sources of energy.

Since its inception, CREDA did extensive work in the field of Renewable Energy focusing on rural areas and stand-alone devices. It has implemented projects in the field of power generation from renewable energy and environment friendly sources.
