

## ACME was the Keynote Speaker on “Energy Storage” at WRETC

We are happy to announce our technology partnership with **World Renewable Energy Technology Congress**, The India’s premier renewable energy annual event, **7th WRETC-2016**, happening from 21<sup>st</sup> – 23<sup>rd</sup> August 2016 at New Delhi. The theme of the Conference is “**Renewable Energy: What Works**”.

Today ACME is known for its commitment for technological innovation, thought leadership and technical expertise and we have played a significant role in shaping-up energy sector & sharing that knowledge with all the stakeholders resulting into a better evolution cycle.

**Mr. Daiva Prakash** was invited to deliver a Keynote Address on “**Energy Storage**” on Monday 22nd August 2016 at the Conference attended by global renewable energy industry leaders, experts, financiers, other key stakeholders of the Industry. He was well applauded for his knowledge base.

7<sup>th</sup> **WORLD**  
RENEWABLE ENERGY  
TECHNOLOGY CONGRESS  
International Conference and Exhibition

**August 21-23, 2016**  
**Manekshaw Centre, New Delhi, India**

THEME  
**Renewable Energy: What Works**

The poster features a central image of a globe held by two hands, with a wind turbine and solar panels on the globe. Below the globe, there is a row of small images representing various renewable energy sources: solar panels, a wind turbine, a hydroelectric dam, a leaf, and a group of people holding hands.
